

Every three seconds someone in Germany is involved in an accident. Annually 280,000 individuals suffer a heart attack. Every second counts in such emergencies. Optimum medical care on the spot in close co-operation with emergency services and rapid transport to suitable hospitals are paramount.

More than 400,000 Germans annually are taken ill or are involved in accidents while abroad. Especially on business trips, medical services are not always guaranteed. Language difficulties hinder necessary treatment.

HEALTH + ESCORT PROVIDES FOR QUALIFIED EMERGENCY DOCTORS AND PARAMEDICS TO BE AVAILABLE FOR INDIVIDUAL MEDICAL CARE AT ALL TIMES – AT YOUR EVENTS AND ON BUSINESS TRIPS.

AT EVENTS AND ON BUSINESS TRIPS

MEDICAL CARE IS NOW INCLUDED

HEALTH + ESCORT allows organisers to provide medical care at events and so meet all requirements.

Our personnel undergo security checks and provide behind-the-scenes medical services, wearing appropriate civilian dress. The long-cherished desire to benefit from discreet rescue services can thus be met.

HEALTH + ESCORT provides

- round-the-clock cover of events and business trips by qualified medical staff
- comprehensive mobile emergency equipment
- immediate medical care in cases of emergency
- individual attention to VIP's and other persons under security threat, in close co-operation with personal security
- on the spot oversight of medical services
- civilian vehicles without markings to accompany motor convoys
- organisation of ambulance transport to appropriate hospitals with support doctor in attendance where necessary
- medical supervision during business trips

IN POLITICS, BUSINESS AND ADMINISTRATION

PLANNING WITHOUT WORRY

The safety of participants and visitors is one of the paramount obligations of function organisers and is key to the success of an event.

HEALTH + ESCORT offers you customised medical consultation and supports you in the planning and preparation of your event, with medical back-up from the arrival to the departure of endangered persons.

HEALTH + ESCORT provides

- comprehensive advice in all medical matters
- support in shaping your safety planning in co-operation with personal security, civil authorities, etc.
- organisation of a discreet first-aid and rescue service
- clarification beforehand of medical questions, especially of known sickness records
- preliminary planning of individual attention to VIP's and other persons at security risk
- arrangement of additional first-aid and rescue services as required
- medical support on business and official travel

has at its disposal a pool of doctors and rescue services with emergency experience. All staff undergo security checks and regularly attend refresher courses on emergency and intensive care medicine. Their civilian dress is appropriate for your event. The state of the art emergency equipment is discreetly concealed.

HEALTH + ESCORT deployment teams

- VIP deployment teams with one emergency doctor and two paramedics
- mobile VIP deployment teams in civilian vehicles without markings
- individual VIP care in close co-operation with personal security
- we prepare a made-to-measure plan to match the size and type of your event and danger levels
